PRATHAMESH MEDHEKAR

Lead Software Architect, Amdocs, Limassol

Profile

01 November 2025 — PRESENT

- Exercised full autonomy in delivering agreed technical objectives and making complex decisions involving extensive analysis and interpretation of intangible factors.
- Provided deep technical expertise on software usage, covering both functional and non-functional aspects.
- Collaborated with software engineers and architects to define and refine product structures aligned with business, development, deployment, and maintenance needs.
- Key Strengths: Technical Architecture | Digital Transformation | GenAI Implementation | Cloud Solutions | Agile Leadership | Full Stack
- Architected and developed cutting-edge digital products for leading global telecom platforms
- Led GenAI initiatives implementing conversational AI and automation solutions for customer- facing applications
- Partnered with customers and product line management to translate business needs into concrete technical requirements.

Software Technical Expert Amdocs, Limassol

January 2020 — 31st October 2025

- Led architectural decisions and tasks across multiple product lines, ensuring consistency and scalability.
- Directed projects, reviewed technical designs, and mentored engineers on architectural and technical design best practices.
- Researched, evaluated, and prototyped emerging technologies and methodologies to drive process and tool improvements.
- Developed a strong understanding of customer context to inform technical choices and ensure alignment with business goals.
- Developed a strong understanding of customer context to inform technical choices and ensure alignment with business goals.

Software Development Specialist, Amdocs, Limassol

05 September 2015 — DECEMBER 2019

- Full-Stack Development & Innovation
- Developed complex digital products as Top Contributor with full-stack expertise
- Recognized as High Potential Candidate and awarded for exceptional performance
- Contributed to architecture decisions and technical strategy for enterprise-scale applications

Senior Software Developer, Amdocs, Pune

22 Feb 2010 — 04 September 2015

- Design & Development: Develop, test, and maintain high-quality Java applications using best practices and design patterns.
- Database Management: Work with relational and NoSQL databases (e.g., MySQL, PostgreSQL, MongoDB) for efficient data handling.
- Integration: Implement RESTful APIs, EJB , and integrate with third-party systems.

Details

Limassol, Limassol

CORE COMPETENCIES

Prompt Engineering, Generative AI, Python, MCP, LLM, Cursor

Java, Spring Boot, Microservices, Kafka, REST APIs

Node JS, Type Script, AEM, Dynamics

Kubernetes, Docker, AWS Cloud, Azure Cloud

Technical Architecture & System Design

AI Development Tools: Cursor, MCP Server, Python, AI Security, Copilot Studio

DevOps & Tools: Git, Maven, Gradle, CI/CD pipelines, Docker

Digital Transformation

Low-Code Platforms: Microsoft Dataverse CRM, Salesforce CRM, Adobe Experience Manager

Enterprise Architecture: Scalable system design, Legacy modernization

Languages

Greek (A2)

Hindi (Native)

English (Professional)

Gained expertise in WebLogic, WebSphere, and Tomcat server environments

Top Contributor in project delivery with focus on performance optimization

Collaborated with international teams on mission-critical telecom solutions

Reference: Shailesh Salunkhe - shailesh.salunkhe@amdocs.com

CERTIFICATIONS

Microsoft Azure AI Fundamentals

DECEMBER 2024

PearsonVue

Microsoft Power Platform Developer

MAY 2024

PearsonVue

Microsoft Power Platform App Maker

DECEMBER 2023

PearsonVue

AWS Certified Solutions Architect Associate

JANUARY 2020 — DECEMBER 2023

Valid: 2020-2023

ACHIEVEMENTS & RECOGNITION

Recognition Award from General Manager

AUGUST 2025

GM Recognition for outstanding contributions

Key Contributor - Amdocs-Microsoft Partnership

2024 — 2025

Strategic partnership initiatives

Digital Transformation Excellence Award

2020 — PRESENT

VP Recognition for key contributions

Top Contributor - Vodafone Italy Project

2019 — PRESENT

Joint Amdocs & Vodafone recognition

HiPO 2019

2019

Selected among top 5% high-performing individuals (1,250 out of 25,000 employees)

High Performer Awards

Multiple recognitions for technical excellence and innovation

EDUCATION

Bachelor of Engineering, University of Pune, Pune

2005 — 2009
